

ANTIQUARIAN HOROLOGICAL SOCIETY

NORTHERN SECTION

The Meeting

The meetings offer a variety of formal lectures and informal club-nights together with exhibitions, demonstrations and interesting visits. The club Nights and Lectures usually alternate each month with a guest lecturer being invited to provide a presentation, usually with the aid of slides, to the meeting. For the club night a theme is chosen, members are encouraged to bring items for display, and possibly say a few words about their item(s).

The meetings are friendly, relaxed and provide the opportunity to meet new friends with similar interests, exchange views, ideas and get help with solving your horological problems. Refreshments of coffee, tea and biscuits are also served following the meetings. AHS publications are available for sale as well as members surplus horological items.

The Time

Our meetings are held on the second Friday of each month at 7:30 for 8:00 pm and continue until everyone leaves, usually between 10:30 and 11:00 pm.

The Place

The venue is in the Church Hall, behind the old Trinity Chapel off Northenden Road, Sale Moor. Parking is available behind the hall and surrounding streets.

**Trinity Methodist Church
Trinity Road, Sale, Greater Manchester, M33 3ED**

The venue is located on the south side of Manchester within half a mile of Sale Railway Station and close to the M60 Junctions 6 and 7.

Visitors and New Members Most Welcome
