THE ANTIQUARIAN HOROLOGICAL SOCIETY

(A company limited by guarantee)

Members of Council and Officers as at Summer 1999

President: SIR ARNOLD WOLFENDALE FRS.

Vice-Presidents: R. J. LAW; T. O. ROBINSON; M. M. SMITH.

Members of Council: C. R. P. ALLIX; J. ARNFIELD; B. T. BASKERVILLE; C. BIRD; M. J. BUNDOCK; C. J. HURRION (co-opted); M. G. HURST; A L KING; J. H. LEOPOLD; Mrs R. SHENTON (Chairman);
W. K. SHENTON; A. A. TREHERNE; J. H. F. WADSWORTH;

Secretary: Mrs P. HOSSBACH.

Editor Antiquarian Horology: Dr J. DARKEN.

Editorial Advisory Panel: C. R. P. ALLIX; M. G. HURST; R. J. LAW; J. H. LEOPOLD

Publications Committee: C. R. P. ALLIX; B. T. BASKERVILLE; J. H. LEOPOLD;
T. O. ROBINSON; J. H. F. WADSWORTH.

Technical Enquiries Officer: J. H. F. WADSWORTH.

Advertising Agents: Mrs P. LAW.

Solicitors: STUART, HURRION and Co., 148 Park View Road, Welling, Kent DA16 1SS.

Auditors: ROBERTS & Co., Suite 3, Ivyholme, Station Road, Heathfield, East Sussex TN21 8LB.

Hon Librarian: A. MITCHELL.

SCOTTISH SECTION Chairman: Dr M. DAREAU. Hon Secretary: N. NIBLOCK. Hon Treasurer: J. J. MACONOCHE.

NORTHERN SECTION Chairman: P. G. TORRY. Hon Secretary: E. G. POWELL. Hon Treasurer: H. GLAUSER.

MIDLANDS SECTION Chairman: B. SPARKS. Hon Secretary: C. SPILLER. Hon Treasurer: P. SPRUCE.

EAST ANGLIAN SECTION Chairman: C. BIRD. Hon Secretary: R. H. A. MILES. Hon Treasurer: R. J. BUCKINGHAM

SOUTH EASTERN SECTION Chairman: A. WEAVING. Hon Secretary: Mrs S. KNIGHT. Hon Treasurer: K. SORRILL.

SOUTHERN SECTION Chairman: A. J. DULEY. Hon Secretary: W. K. SHENTON. Hon Treasurer: D. A. SMITH.

WEST COUNTRY SECTION Chairman: T. TAYLOR. Hon Secretary: C. PONSFORD. Hon Treasurer: G. REDDYHOFF.

ULSTER SECTION Chairman: Dr A. C. DAVIES. Hon. Secretary & Hon Treasurer: H. W. M. GILMORE.

IRISH SECTION Chairman: J. ENNIS. Hon. Secretary: F. COWLEY.

AMERICAN SECTION President: J. W SHEPRO. Secretary/Treasurer: L. R. SIMON.

London Liaison Officer: G. MARSH

DUTCH SECTION Chairman: J. ZEEMAN. Hon Secretary: K. R. ABBING.

CANADIAN SECTION Chairman: C. MURRAY. Hon Secretary: Prof. J. GANCIARCZYK. Hon. Treasurer: P. BUCKLEY.

TURRET CLOCK GROUP Chairman: C. G. McKay. Hon. Secretary: M. J. BUNDOCK. Hon Treasurer: G. HOLLIS.

ELECTRICAL HOROLOGY GROUP Chairman: D. A. BATEMAN. Hon Secretary: J. NYE. Hon Treasurer: Mrs A. COWSILL.

An Astronomical Journeyman Clock by John Holmes,

by Matthew Read
Holmes, John, London (continued)
beat plate 651
bracket clock, ebonised, tic-tac, ¼ repeat
break-arch case 300, 591
true bell case 300
bracket clock, mahogany, tic-tac, ¼ repeat 301
children of 298
family 643
family tree 290, 292
first years in London 291
Greenwich Hospital clock 295
Holmes, Dr Malcolm G., direct descendent 643
John Holmes (1727-97), Time for a Further Look, by Chris Watson 643-653
John Holmes, His Life and Work, by Chris Watson 289-301
journeyman clock 673-676
train count 676
Kendall, Larcum, working relationship 646
longcase clock
Chippendale style, 3-train, ting tang ¼ 646-649
mahogany cased with dead-beat escapement 649-651
backplate, bolt and shutter activation 650
dial 650
maintaining power linkage 651
with mahogany case 299
offset crutch 301, 648, 650, 651
other ventures 296
pendulum, wood-rod, 'Ludlam' variant 651
Smeaton, letters from 645
'The Strand Years' 293
watch
no.4818, gold repoussé pair-cased verge 652
no.6526, 'William Pitt', gold pair-cased cylinder movement 653
water valve 296
Holmes, William, eldest son of John Holmes 643
Holt, John, Liverpool, spring maker 87
hook and spike clock, Whitehurst, 3 train, chiming 599
The Curious Life of Robert Hooke, Jardine, Lisa 681
Hooke, Robert 541, K55-57, K62-63
anchor escapement K78-79
balance spring K76-78
biography
Espinasse, Margaret 681
Inwood, Stephen 681

Hampton Court Palace clock...........................................399
Hancock, chronograph..................................................829
Hancock, David, millennium clock.................................564
hand, fly-back, Buschmann, Hans, table clock..................823
Handley, George, & John Moore, of London
  bracket clock............................................................172
  dial clock, no. 2595.................................................12
hands
  expanding for elliptical dial......................................24
  Fromanteel, Ahasuerus, longcase clock.........................232
  Harrison, James, longcase clock..................................541
  Harrison, John, H1....................................................664
  hiking hour hand by Peter Kinzinger............................171
  Knibb, Joseph, ’Oxford’ hour......................................375
  Thuret, Isaac, of Paris, wall clock.............................213
Hanet, Nicholas, of Paris............................................15715, 15716
Harache, Pierre, of London, silversmith.........................513-14
Hardeman, of Canterbury............................................132
Harden & Ryding, of Belfast...........................................359
Harding, John, of London, watch spring maker, will...........34
Harlow, Benjamin, of Lane End, clockmaker, will.............41
Harper, Anne Jane......................................................187
Harper, Arthur, of Antrim............................................185
Harper, Eliza..............................................................187
Harper, William, of Antrim.........................................353
  advertisements....................................................184, 185
  charged with murder and cleared...............................185
  obituary, 1796.........................................................187
watch
  no. 3, silver, lost in 1778.........................................184
  no. 156, silver repoussé pair case..............................186-7
William Harper of Antrim, by David A. Bell..............184-7
Harris, of London
  marine chronometer, no. 683 or 687, 8-day....................736
Harris, George, 1st Baron............................................269-70
Harris, John, of Clerkenwell, watch case maker, will........35
Harris, Moses, of Swansea.................................................759
Harrison, James, of Barrow...............................................402
Harrison, John
career and methods discussed..........................695-6
equation of time and sunrise and sunset table........528
balance linkage..........................................................317
bronze alloys used in...................................................695
case.................................................................696
conservation...........................................................317
construction discussed..............................695-6
H1 research completed..........................452-3
illustrated in detail..................................452-3, 662-72
John Harrison’s 1st Marine Timekeeper H1..........662-72
Some New Insights, lecture, Jonathan Betts........695-6
maintaining power..................................................696
makers of parts of..............................................695, 696
temperature compensation..........................................696
weight drive originally intended?..........................696
H4
diamond pallets, investigation published........5723
A reproduction of H4, St Roche’s lecture, 2008........28-9
St Roche’s Lecture Report, letter from Derek Pratt...273
timekeeping..........................................................402
John Harrison and his Ultimate Pendulum Clocks,
lecture by Dr Stuart Harrison.........................556-7, 834-5
John Harrison Longcase..........................318-19
longcase clock, 1727
(made by James Harrison)............................318-19, 429, 525-42
longcase clock movement, 1713..........................403, 827
memorial to, in Westminster Abbey.......................842
portrait of
by Joseph Wright (possible)..............................834
by Thomas King........................................................834
questions about output and patronage..................683
RAS regulator..................................................556-7, 834-5
A reproduction of H4, St Roche’s lecture, 2008......28-9
A Splash on the Page, lecture by Andrew King....402-3
Westminster Abbey memorial plaque......................692
work on expansion of metals..................................557
Harrison, Dr Stuart, John Harrison and his
Ultimate Pendulum Clocks, lecture..................556-7, 834-5
Harrison, the Corpus Clock, and the Chronophage......177-80
Hartley, John, of Clerkenwell, watch wheel maker, will..38
Hartlib, Samuel..................................................747-56
Ephemerides....................................................748-56
Hartridge, Charles A. ("Tony").................................136
Harvey, Laurence..................................................524
Harvey, Robert, of London, lantern clock.................621
Hasler, tachometer..................................................828, 831
Hasselmeyer, Lothar (see also Poulle, et al).................798
hat, in form of sundial................................................693
Hatton, John, of Stafford, watch and clockmaker,
administration..................................................41
Hauchar, Charles-Guillaume, of Paris, longcase clock,
Franklin 4-hour dial, experimental pendulum...........171
Haughton, William, of London, watch gilder, will......37
Haward, Stella, portrait.............................................609
Hawking, Professor Stephen......................................180
Hawkey, Enoch, of Nantwich, watchmaker, will.......41
Haydn, Joseph, birthplace...........................................823
Haydn and Time, exhibition..................................825-6
Haynes, James, of London, watch case maker, will.....35
Heasman, Walt, of Lindfield, watchmaker
administration.....................................................41
Heath, Roger, of London, watch gilder, will..........37
Heath, Thomas, of London, watch case maker, will....35
Heeb, Rafael, portrait...............................................611
Heiligenkreuz..........................................................825
heliochronometer...................................................120
Pilkington and Gibbs, of Preston..........................120
Wheatstone, Sir Charles..............................................120
Heliodorus, Aethiopica..............................................333
subject of artworks...............................................333-4
subject of watch decoration....................................315, 334-46
translations of......................................................334-5
Hendrie, James.........................................................697
Hennessy, of Swansea, longcase regulator...............3
Hepton, Thomas, of Northallerton..........................547
Hevelius, Johannes.....................................................846
Hewitt family, of Lancashire.................................265-6, 457
Hewitt, George, of Marlborough, watchmaker, will....41
Hewitt, George, of Prescot........................................265
Hewitt, Horatio Thomas, of New York....................266
Hewitt, James, of Prescot...........................................266
Hewitt, John, of Coventry........................................266
Hewitt, Joseph, of Prescot (1770–1835).....................265
Hewitt, Joseph, of Prescot (1823–1894).....................266
"JH" movement mark.................................................469
watch, no. 9165..........................................................469-70
will.................................................................266
Hewitt, Joshua, of Prescot...........................................265
The Deacon Family of Leicestershire Clockmakers
advertised.............................................................107
reviewed.............................................................105-6
