ANTIQUARIAN HOROLOGY

AND THE PROCEEDINGS OF THE ANTIQUARIAN HOROLOGICAL SOCIETY

INDEX

VOLUME XXXV

March 2014 to December 2014

THE ANTIQUARIAN HOROLOGICAL SOCIETY
TICEHURST
MMXVI
A note about the pagination

In the March issue, the editor had explained that the journal would no longer be published in volumes of six, but of four issues. After the journal was printed, he realised that instead of starting pagination at 1, as he should have done since it was the first issue in a new volume, he had numbered on from the previous issue, as if it was still going to be the fifth issue in the volume. To avoid even more confusion, it was decided to continue this inflated pagination in the remaining issues of this volume.
